Dear Cosmic Explorers,

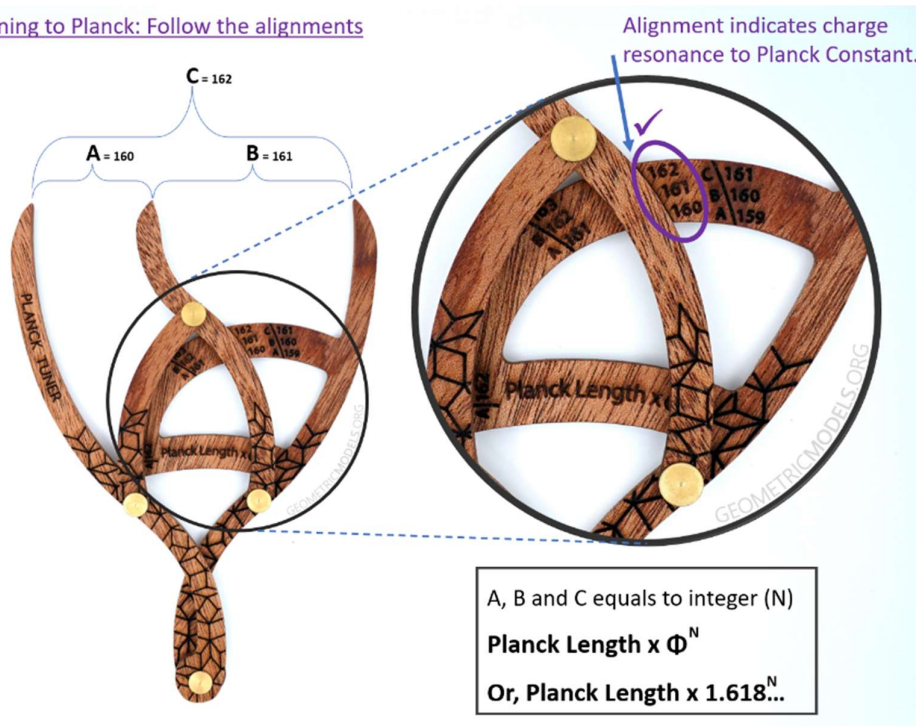

We're excited to announce that we will be sending out regular newsletters, keeping you informed about the latest news, new items, and upcoming events. Stay tuned for our quarterly updates, designed to keep you connected and informed about all our recent developments and offerings.

A Journey Through Time and Space

As ©Geometric Models marks its 6th year orbiting the sun, we are thrilled to share that our community has grown to over half a million followers across social media platforms! Your passion for unraveling the mysteries of sacred geometry has been the guiding star of our journey.

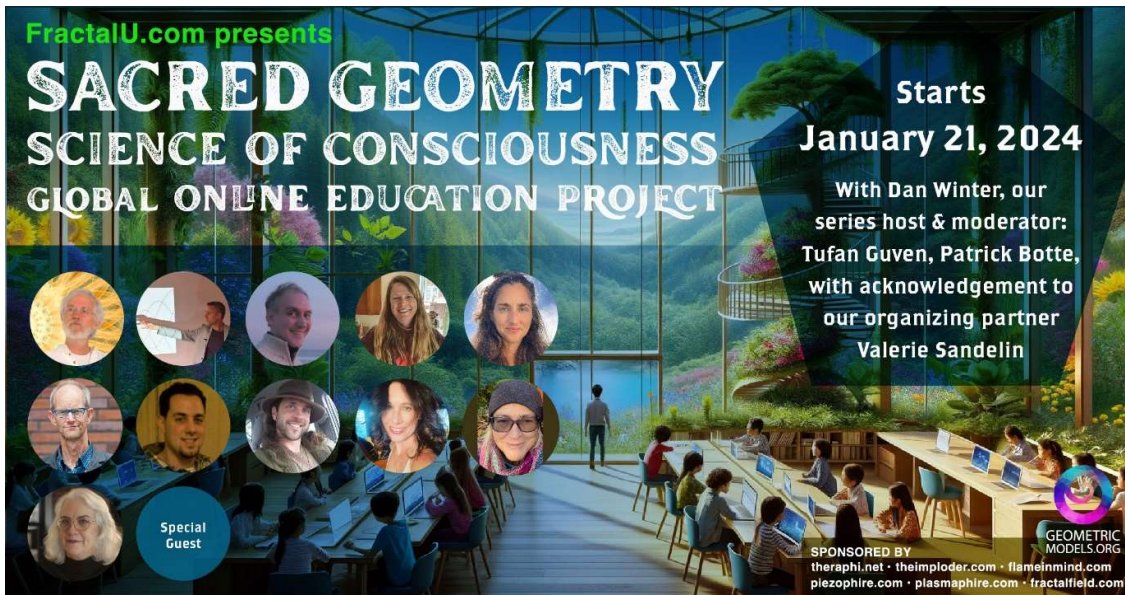

Introducing the ©Planck Tuner - A Milestone in Measurement

Tuning to Planck: Follow the alignments

We're excited to announce the latest addition to our cosmic toolbox – the ©Planck Tuner, a pioneering measurement tool designed by Tufan Guven. This historic device, the first of its kind, accurately measures the phi exponents of Planck scale from 2 to 36 cm displaying the exact phase conjugate, charge resonant dimensions tuned to Planck length. Discover this marvel at <https://geometricmodels.org/planck-tuner/>.

GEOMETRIC
MODELS.ORG

In our commitment to leading the sacred geometry realm, we're honored to co-sponsor an enlightening conference with Dan Winter, a vanguard in the physics of fractal fields and implosion science. Join us in this journey of understanding gravity, consciousness, and life force. The conference begins on January 21, 2024, featuring free classes every Sunday at 2:00 pm NY time (EST), streamed on Zoom and YouTube optionally. Don't miss the first class titled "Christ Consciousness: Physics" Crystallizing Implosive Compression- from DNA to Glands Produces a RADIANCE Field - Centripetal & Longitudinally Propagating." by Dan Winter himself! Details and full program at: FractalU.com

Explore the Art of coherent compressional field with Dr. Jenefer Bell of the Lucid Dream Team

What does it mean to be infinitely shareable, practically speaking? To express non-destructive implosive coherence as a group?

How do we create and hold sacred space as a Lucid Dreaming team?

In this article I share some of the experiences and learnings as navigator for a dynamic and active 'Soul Pod' exploring the Cosmic Array together.

Contact InfoLucidDreaming@proton.me for inquiries about the Lucid Dream Team. AND don't forget to join Jenefer's

class at [FractalU.com](https://www.fractalU.com) on April 14, 2024.

Future Collaborations and Insights

In 2024, we're embarking on new ventures with Dan Winter, promising to bring more groundbreaking discoveries to your doorstep. Stay tuned for quarterly updates through our newsletter.

We are infinitely grateful for your continued support and curiosity. Together, let's keep exploring the harmonious dance of the cosmos! Should you wish to navigate this journey without our newsletters, please let us know – no celestial feelings will be hurt.

Wishing you cosmic clarity and harmony,

The ©Geometric Models Team

Letter from Dan Winter, Jan 19, 2024

We are so pleased after 6 months of planning for the new FRACTALU.com launch for 2024, the announcement has gone viral.

The interest we see in the deep science behind spirituality- and the powerful nature of fractal charge implosion is gratifying: To us, it says people are ready for self empowering science- and pure principle behind spirituality- and in the process- making negentropy in tech really understandable. And speaking of Implosion Tech- our Theimploder.com and FractalWater.com water implosion tech is undergoing a major expansion thanks to Jason and new partners.

AND our "Implosion in BrainWaves for Bliss" Flameinmind.com has major upgrades- for implosion triggering binaurals - for our new Piezophire.com, and also Plasmaphire.com - which Patrick will tell us much more about on Feb 18.

AND on our Implosion Energy tech news front- MAJOR projects are cooking- check Redstaregg.com and others at Implosiongroup.com.

I will be starting our first course at FractalU on Jan 21- looking at a powerful physics behind the idea of "Christ Consciousness". In order to understand the lightning compression behind Kundalini and Bliss, it is profound to investigate how precisely that implosion merges the aura into a much larger (and phonon mediated) CHRIST-all-izing ARRAY - showing literally that expansion of consciousness- is precisely the possibility of unpacking a fractal electric field like a rose.

In closing - just a bit more news: just as we now (thanks again to Tufan) release Planckphire.com -IN PRINT, we have news the Spanish version will be out within days (kudos to Arturo for making it happen!)

You know for years our international outreach projects were documented goldenmean.info/spanish , goldenmean.info/italian , goldenmean.info/german show years of work around the world. Even more important all this goes 'global' now- that we know even more clearly- that 'Sacred Geometry' is actually only a pointer to deep insight into profound and fractal symmetric WAVE MECHANIC principles.

Once we truly grasp how FRACTAL CHARGE COLLAPSE - implosive centripetal forces work - we DO learn precisely in a practical way, not just 'why objects fall to the ground' , but directly how matter is created out of charge- AND how consciousness self organizes out of that SAME field... literally by recursively 'turning inside out'.. just like Tufan's archetypal 7 color donut...AND the heart feeling compassion!.

With the right fractal compression, our transverse normal electromagnetic bio- field- implodes to touch a much vaster 'longitudinal emf ARRAY' - which is not only now MEASUREABLE ('Korotkov et al') - as the grid wiring our telepathy connection- but also proves Aborigines were RIGHT when they taught for centuries- those (longitudinal) -DREAMING TRACKS- of ancestor memory- ARE the very nature of the divine! Join us as we become ONE with that perfectly fractal branching SHAREABLE WAVE.

Warmly, Dan Winter.
